SPEAKER NICHOL: Senator Hoagland.

SENATOR HOAGLAND: Mr. Speaker, let me also address the subject briefly. Vaughn Phelps was a giant in education in the State of Nebraska, truly one of the finest educators we have had in a hundred and twenty year history of the state. He was a close friend. His death is a great shock to the Omaha educational community. He was a magnificent human being, and I would like to ask that my name be added to this resolution. Thank you.
